

## CHARGES FILE AGAINST FAIRMOUNT TRUSTEES

### TRAFFIC SIGNAL PLAN APPROVED BY CITY SOLONS

Council Takes First Step  
For Installation Of  
System Here

### PROTECTION FOR CROSSINGS ASKED

Councilman Peeved Because  
Owners Halt Fourth  
St. Paving Plans

City council last night accepted specifications for a traffic signal light system for the business district, as drawn up by an engineer, and approved by Safety Director Ernest Schmid.

Councilman Cliff Woods made the motion for acceptance as the first step in the plan for the inauguration of such a system here.

These specifications will be embodied in legislation which will probably come before council at its next meeting—Dec. 15.

Everything will be in readiness then for the advertisement, the first of the year, for bids for such a system. The number of lights has not yet been determined.

On motion of Councilman William Probert council ordered the service director to see that the Mullins Body Corporation removes excess dirt from the walk and lawn strip on Mill st. left there when that company recently laid a gas line.

### Crossing Protection

Safety Director Ernest Schmid told council that he had written two letters to the Pennsylvania railroad regarding the need of a water-tight crossing at the intersection of the West Pennsylvania ave. crossing, and also regarding the trapping of motorists in cases at that crossing and at Roosevelt ave., but he had as yet received no reply from that company.

In answer to Councilman Probert Schmid said that the Stark Electric R. R. also had failed to take up with him the installation of warning blinker lights at Jennings and North Howard st. crossings as was ordered.

The safety will keep pushing both matters, he said.

Council voted to instruct Service Director F. A. Rinehart to take enough money out of funds in the water and quicksand to cement a conference on sewage disposal and water purification, and for which trip he had not been reimbursed.

City Engineer B. M. French told council he expected that the resurfacing of Roosevelt ave. will be completed by Saturday night.

The engineer suggested that sheet asphalt be tried out in some street in the next paving program to give that kind of surface a test.

### W. Fourth St. Problem

Councilmen were somewhat peeved over the action of residents of West Fourth st., who last meeting asked that their street be not paved and which request council granted.

But West Fourth may not get any aid from council in the future, for the city continually spends money to repair the street, the councilman said. It is possible that the new council may disregard the request of these residents and may order the street paved to stop the constant washing out of materials used to repair this hill.

Rinehart explained the reason for the presence of storm water in sewers in the flats. He said that when the main sanitary sewer through that district was built there was so much water and quicksand that cement lap joints of the joints of the pipe were washed out before they could dry and those holes allow the water to seep in.

### SENATORS ATTACK DAWES' BATTLECRY

Dawes Threatens To Take  
Stump Against All Who  
Oppose New Rules

Washington, Dec. 2.—The threat of Vice President Charles G. Dawes to take the stump against all who oppose his proposed revision of senatorial rules met with a warm reception today from returning senators.

Republicans, insurgents and Democrats dropped their little private rows to join in "bawling out" the vice president. The only portion of the vice president's campaign, which met with favor, was his plea for non-partisan action—and the senators were non-partisan in denouncing Dawes, his plan and his proposed invasion of senatorial primaries.

Senators of all faiths and shades of political opinion were united in opposing Dawes and his plan to change the senatorial rules. They took particular exception to his Chicago announcement in which the vice president said:

"I am out of politics and that is why I can do as I please and go where I please and say what I please. That is what I am going to do and I won't make any difference to me what party the senator belongs to."

### Rinehart Wants More Pay Or Less Work

Service Director Peeved Because of Slash  
In Pay; Solons Tell Mayor to Help

Service Director F. A. Rinehart wants city council to either take some of his duties off his shoulders or raise his salary instead of cutting it.

That, briefly, is what Rinehart told council Tuesday night.

Effective Jan. 1, is an ordinance, passed in mid-summer, providing for the slashing of the director's salary from \$2,700 to \$2,400 per year, and at the same time increasing the mayor's salary from \$1,350 to \$2,500, and an ordinance giving the police and police chief a raise, passed more recently, will also go into effect Jan. 1.

"If I have to continue doing all I now have to do I would like a raise instead of a cut," Rinehart said.

But council did nothing in answer to his plea.

After the regular meeting councilmen privately expressed their views to him, telling him that the mayor is regarded by council as having general

responsibility to every department over which there is a director appointed by him, and therefore could take some duties himself if he cared to do so.

"I think the mayor is wholly responsible for his appointees' work and administration of departments, and if you have to cut the mayor's salary, you have to cut the director's salary," said one solon.

It is the opinion of most councilmen that council does not get down the work to be done but just sets the salary. The duties are there to be done and should be worked out by the director and his chief, the mayor is the prevailing opinion.

Rinehart is quite dissatisfied with the turn of events, since he claims he is able to show a saving of operations and good administration, and thinks that if other officers have their pay raised he would too, or at least not suffer a cut in pay.

### Declares Chicago Makes Sodom Look Like A Holy Place

Columbus, Dec. 2.—This city staggered today under the severe "tongue lashing" administered by the Rev. J. C. O'Hair, pastor of North Shore Congregational church, Chicago.

Addressing the Hebrew-Christian alliance, the Rev. O'Hair shouted that every sin known to man through all ages was being practiced in Columbus. He pictured this city as a good second for Chicago, which he said was "so bad it made Sodom and Gomorrah look like holy places."

Then with an eloquent gathering of the ex-brows, the Rev. O'Hair told church members they knew "more about Babe Ruth than they knew about Ruth of the Moabites."

Millions of people are religiously going to hell because they will not learn the truths of the Bible," he confided, and wound up with the exclamation, "God save us from bazaars and rummage sales."

### TREASURER WANTS HIS BOND REDUCED

Handles No Money So Why  
Should Bond Be High,  
Walker's Wall

He is the city treasurer but handles no money. The gentleman holding that paradoxical situation is E. S. Walker, treasurer of Salem.

Tuesday night Walker appeared before council to ask that body to lower the amount of bond required by him.

He is now required to give \$15,000 bond which costs him \$50 per year out of his own pocket.

And he only gets \$500 salary each year.

Walker explained that not a cent of money goes through his hands. Instead he banks and withdraws on vouchers and orders only, and could not cheat the city if he tried to do so.

Bond required before 1917 was \$25,000.

Council took no action on his request.

It was the opinion of some that Walker is responsible for large amounts of money even though he may not handle the cash, and therefore a reluctance to heed the request was manifest.

Incidentally Walker was present to ask again, for a raise.

He has appeared several times during the present session of council to seek a pay boost.

But council has not heeded that request either.

### What Red Cross Is Doing For Many Families In Salem

The work of a home service secretary of the Red Cross covers a multitude of things, and aids in helping hundreds of people, the annual report of Miss Ruth Beach, home service secretary of the Salem chapter, Red Cross, shows.

The report covers the period from October, 1924, to October, 1925, in that time the secretary had 119 ex-servicemen's families and 201 civilian families to look out for in some way or another.

### AIRCRAFT REPORT DENIES CHARGES MADE BY MITCHELL

However President's Board  
Urges Improvements  
In Aircraft

Washington, Dec. 2.—The Morrow aircraft report, containing the results and findings of the president's personally ordered investigation into the aircraft controversy, was laid before President Coolidge at the White House today.

While denying many of the allegations made by Col. Wm. Mitchell, in his flaming attack on the nation's air defenses, the report makes numerous recommendations for improvement of aircraft in military, naval and commercial use.

The Morrow board turned down flatly Gen. Mitchell's demand for a separate air service, distinct from the war and navy departments.

The chief recommendation proposed with regard to departmental handling of aviation was for the creation of three new assistant secretaries in the departments of war, navy and commerce, whose duties will be confined almost exclusively to matters of aircraft policy.

Bitter protests from flying officers that they get no promotions were met by the recommendation that congress create two additional brigadier generalships in aviation, there now being only one. Several changes also were proposed in the present promotion policy, the effect of which will be to advance flying officers more rapidly than under the present system.

Government cooperation with private industry in the production end of the business, government activity in the establishment of fields, marking air routes, and provision for meteorological data, were among the major recommendations.

The report denies that the United States is "definitely in the air," as alleged by Col. Mitchell, or that the nation is behind other nations in aircraft advancement.

### Book Club Provides Public Comfort Room

A much needed public convenience in the city will be filled when the Book club opens a public rest room here.

The club has secured a room on North Lundy st. just back of the State theater building, which will be of easy access, for a comfort room.

The room probably will be opened to the public next week. To secure funds to help in the upkeep of this room the club will give a benefit picture show Monday and Tuesday evenings at the Grand theater. "Irish Luck" is the name of the picture.

### Speed Kirby Case On Judge's Order

Judge Killits Says Trial  
Must Be Completed  
Before Christmas

Cleveland, Dec. 2.—Following the declaration of Judge John M. Killits in federal district court that the trial of Josiah Kirby, founder and former head of the Cleveland Discount company, must be completed before Christmas, District Atty. A. E. Bernstein and his aids, seeking to convert Kirby on charges of using the mails to defraud, took steps today to complete the presentation of their case in the shortest possible time.

Judge Killits declared that he would hold night sessions of court if necessary, to dispose of the case.

The jury was completed yesterday afternoon, after the government had used its six peremptory challenges and the defense ten. Judge Killits declared that the jury would be kept under guard during the entire trial, and locked up when court was not in session.

Seven witnesses had been examined when court reconvened today. Bernstein had also presented as evidence two truckloads of records of the Cleveland Discount company to be used to support the 139 page indictment under which the former functionary faces his fifth court trial proper.

Out of the collapse of the \$20,000,000 concern of which he was the guiding genius.

Miss Beach has made a résumé of her work in the various months, part of which follows:

December—Red Cross was clearing house for Christmas baskets, 23 being sent to needy families. Red Cross had a tree for small children, and 500 toys were given. These toys were collected, mended, painted and given by the Boy Scouts.

February—Cooperated with county and state health boards in tuberculosis.

### EXAMINERS WARN HOLDERS OF STOCK AGAINST TRADING

Warning Issued After Men  
Held In County Jail  
Are Quizzed

### STATE MEN CHECK UP SUCKER LISTS

Salem Names On List Used  
For Alleged Fraudulent Dea's

"We want to warn the people of this county who own stocks to be on their guard against disposing of their issues and taking other shares in trade," declared W. K. Hershberger, field examiner attached to the Division of Securities of the Ohio State Department of Commerce, following an interview he had with G. E. Postle of Cleveland, now in the county jail in default of \$20,000 on a charge of obtaining stock by false misrepresentation filed by Emanuel F. Wang of North Georgetown.

The interview with Postle took place in the county jail and immediately thereafter Mr. Hershberger issued his warning.

### Checking Up Lists

Ed. O. Cherry, a field examiner of the same department, is spending several days in this county checking up on the operations of Postle and his co-worker, W. C. Beverly, alias C. B. Mitchell of Cleveland, who was arrested on a charge filed by Mr. Wang and who has been released under \$5,000 bail.

The brief case that Beverly carried and which contained the "sucker list" is being investigated by the examiners from Columbus, the list not being investigated first. Then in order the East Liverpool, Wellsville, Salem and East Palestine lists will be investigated. It is the intent of the examiners to interview the people whose names appear on this list and ascertain whether they have had any transactions with either Beverly or Postle.

Opposite the name of a prominent East Liverpool business man on the "sucker list" is the notation written in lead pencil, "N. G. Lawyer in family."

Postle, however, denied to the examiners that he had done much work in Columbiana county, but did say that Mr. Wang should be reimbursed for any loss he had sustained.

### New Charge May Be Filed

Assistant Prosecuting Atty. John E. Knuecht of East Palestine also had an interview with Postle in the county jail Tuesday, with the result that another charge is expected to be filed against Postle before the close of the week.

Beverly and Postle it is disclosed, instead of issuing stock of low value in exchange for lands or stocks of higher value frequently issued interim certification and these, according to Examiner O'Connell, were not worth the paper they were written upon.

Blank certificates for this purpose were found in the brief case now in the possession of Sheriff George Wright, and it was explained by Postle that "Beverly carried a typewriter and filled in the names in the house."

### RIDDLE ADVISES CLUBS TO HELP BOYS AND GIRLS

Probate Judge Lodge Riddle of Lisbon believes in helping the underprivileged boy and girl to help themselves.

He expressed this opinion in an interesting talk about the underprivileged boy and girl at a meeting of the Quota club Tuesday evening at the Elks home.

His advice to clubs, which undertake this work for boys and girls, is to watch them and to do for them if needed.

The club decided to take care of a needy family for Christmas.

Miss Lenora Starr has invited the members to her home in Yungstown for a meeting in two weeks.

### MARY PRICHETTE, 86, DROPS DEAD

Miss Mary A. Prichette, 86, dropped dead at her home, 92 West Vershing ave., about 4:30 p. m. Tuesday.

A stroke of paralysis is given as the cause of death. Tuesday she had seemed in her usual health and that afternoon had been at the home of a neighbor.

Miss Prichette was born and spent her life at Middleton, near Columbus. For the past three years she had been living with her niece, Mrs. Clara Prichette, who is her nearest surviving relative.

The funeral will be at 2 p. m. Friday at the Christian church, Middleton, with Rev. George Gratz, of Signal, officiating.

Friends may call at the home from 7 to 9 p. m. Thursday to view the body.

### SPECIAL NOTICE! MASTER MASON!

JOINT INSTALLATION OFFICERS  
PERRY LODGE AND SALEM CITY  
LODGE, THURSDAY EVENING, 7:30  
P. M. BE PRESENT.

### Charge False Reports On Cost Of Homes

Appraisements Are Falsified When Securing  
Building Permits, Councilmen Claim

Falsifying of appraisements of the cost of new homes to be built when building permits are taken out, was charged on the floor of city council Tuesday night.

Councilman John Stratton raised the point by asking if the ordinance requires that the exact value of the improvement be stated.

Stratton said it had been called to his attention that many of the new improvements listed in the past few months were far below what the cost of materials for the homes and other buildings will cost.

City Solicitor L. B. Harris explained that the county auditor does not have to accept values placed by the property owner in the permit but may order an appraisal when he sees the amount is too low.

But councilmen fear that the auditor may be prone to pass over most of the figures submitted in the permits.

One councilman after the meeting declared that a home listed for West Tenth st. at about \$3,500 will cost at least twice that much or more and said that this property owner was deliberately falsifying the cost of the improvement.

Other improvements were cited on Washington and Summit streets.

Unless accurate figures are given by the property owners, and demanded by the mayor instead of being a lenient with the person requesting permits, there can be no real check on building in the city each year as council desires, it was pointed out.

It was also said that the correct amount should be given honestly for a permit must be taken and if council has to do so it may request the county to carefully appraise each improvement and publicly denounce those who falsify their values.

### SHERIFF KOHLER'S REMOVAL SOUGHT IN GAMING RAIDS

Cleveland Safety Chief To  
Lay Evidence Before  
Gov. Donahy

Cleveland, Dec. 2.—Safety Director Edwin D. Barry today was preparing to go before Gov. A. V. Donahy and lay before him evidence of the existing of great gambling dives, where thousands of dollars change hands daily in bets on horse racing, poker, dice, blackjack and other games in the municipalities and townships bordering greater Cleveland.

Barry planned to ask the removal from office of Sheriff Fred Kohler and other officials, as a result of the exposure of gambling conditions in Cuyahoga county, following the defection of Harry H. Hershey, official of a Lancaster, Pa., traction company, who confessed to police Monday that he brought \$40,000 of the company's funds to Cleveland two weeks ago, and lost it in an orgy of gambling at the Clinton club, and in a Thanksgiving night poker game at a Cleveland hotel.

According to Barry, following police raids on the Clinton club yesterday, seeking persons involved in the downfall of the Pennsylvania, his raiding squads found gamblers operating full tilt yesterday afternoon, within a stone's throw of the city limits of Cleveland. The police, Barry said, were powerless to make arrests, and the habitues of the club scarcely turned from their fervid hunt for chance's favor while the squad searched among the hundreds gathered there for men believed to have been the gamblers by Hershey's losses at play.

Meanwhile, police were planning to keep Hershey in Cleveland and possibly take him before Gov. Donahy as a witness in proceedings seeking to remove officials whom they blame for conditions.

### Promise Relief For All Suffering From High Blood Pressure

Toronto, Ont., Dec. 2.—The first real promise of relief for sufferers from abnormally high blood pressure was announced to the Academy of Medicine here by Dr. W. J. MacDonald at a dinner tendered him in his honor after six months intensive work in the physiological laboratories at the University of Toronto.

The experiments have confirmed the first findings entirely and both continued treatment of laboratory animals and a preliminary chemical analysis of the potent extracts indicate that the discovery is at the same time old and new—old in the sure and accepted foundation on which it is based, and new in the possibilities which it presents for a weapon, more powerful than any known before, with which to attack the prevalent ailment of high blood pressure, and the attendant complaint of hardening of the arteries.

These charges were given to Milton Campbell, state examiner, who, following his report that he found nothing of a criminal nature in the books of the home, the inspection of which has been completed, will make a further investigation. He was ordered, if he found any violation of law on the part of the trustees, to lay those findings before the prosecutors for criminal action.

In addition to the charges, the "welfare" group caused a big sensation by declaring that Sam McCune, a fireman employed at the home, had been intimate with girls at the home.

### Charges Against Trustees

The seven charges placed against the trustees are:

That they are not interested in the affairs of the home; that they handled the plumbing situation in an inefficient manner; that they did not advertise the recent want jobs; that they split up other jobs of more than \$500 so as to evade the state law requiring contracts of more than that amount to be advertised; that former Supt. E. E. Webb was not given a hearing when he was dismissed and that the trustees have acted in a manner unbecoming officials of a place where parentless children are in their charge.

E. B. Silver, chairman, and J. L. Buchanan of Alliance, and Charles Doerschner of Canton, spokesmen for the alleged welfare society made the demand that the trustees resign.

This demand followed the appearance of Webb and his wife, who was (Continued on third page.)

### PAVING OF FOUR STREETS ORDERED

Etna And West High To Be  
Paved; Depot And Mill  
Sts. Resurfaced

City council Tuesday night, under suspension of rules, passed resolutions declaring it necessary to pave or resurface West High st., Etna st., Depot st., and Mill st., and at the same time passed a motion of Councilman Ed. Barry asking the city engineer to furnish estimates on the cost of building sewers in Franklin ave. and Etna st.

Passage of the Mill st. resolution was made despite a report by Service Director F. A. Rinehart that the Mill and Milling Body Corporation were opposed to this improvement.

This report drew the ire of the solons. The consensus of opinion was that the two shops will have to stand the improvement.

Cost of repairing holes in the street, as asked by these two shops, would be about \$600, Rinehart said. This cost the city would have to stand, and in Rinehart's opinion, there would be no need then for a general resurfacing at this time.

But Rinehart said, if the ordinance is passed, the shops will have to pay, and they are the biggest users of the street. So the solons ordered the paving.

The sewers asked for by council may be authorized and laid before Etna st. is paved. The Franklin sewer, if laid, will go along the lawn strips.

### Joint Installation For Masonic Lodges

B. Frank Thomas of Youngstown, grand senior warden of the grand lodge, will be the installing officer when Perry lodge No. 156, and Salem City lodge, F. and A. M., held a joint installation of officers Thursday evening in the Masonic temple. The grand marshal will be Dillon Crist of Alliance.

### Reese Becomes New Probation Officer

Joseph Reese of Salem, Tuesday became probation officer for the northern part of Columbiana county, by appointment from Probate Judge Lodge Riddle of Salem.

Reese will also act as humane society officer here.

### Raising Debt Fund

Rome, Dec. 2.—Voluntary subscriptions to pay off the first installment of \$5,000,000 on the Italian debt to the United States have not reached more than \$2,500,000, it was officially announced today.

### "WELFARE" GROUP DEMAND TRUSTEES OF HOME RESIGN

Children's Home Trustees  
Answer Charges Filed  
At Joint Meetnig

### STATE EXAMINER CONTINUES PROBE

Webbs Want Stark County  
To Give Them Jobs As  
A Compromise

Seven charges of malfeasance and misfeasance against the trustees of the Fairmount Children's Home at Alliance, made by a group of persons from Alliance and Canton, stirring themselves the Fairmount Home Welfare association, coupled with a demand of this group that the trustees resign, were laid before a meeting of the trustees, and the commissioners and prosecutors of Columbiana and Stark counties at the home Tuesday afternoon.

These charges were given to Milton Campbell, state examiner, who, following his report that he found nothing of a criminal nature in the books of the home, the inspection of which has been completed, will make a further investigation. He was ordered, if he found any violation of law on the part of the trustees, to lay those findings before the prosecutors for criminal action.

In addition to the charges, the "welfare" group caused a big sensation by declaring that Sam McCune, a fireman employed at the home, had been intimate with girls at the home.

### Charges Against Trustees

The seven charges placed against the trustees are:

That they are not interested in the affairs of the home; that they handled the plumbing situation in an inefficient manner; that they did not advertise the recent want jobs; that they split up other jobs of more than \$500 so as to evade the state law requiring contracts of more than that amount to be advertised; that former Supt. E. E. Webb was not given a hearing when he was dismissed and that the trustees have acted in a manner unbecoming officials of a place where parentless children are in their charge.

E. B. Silver, chairman, and J. L. Buchanan of Alliance, and Charles Doerschner of Canton, spokesmen for the alleged welfare society made the demand that the trustees resign.

This demand followed the appearance of Webb and his wife, who was (Continued on third page.)

### ATLANTIC COAST LASHED BY GALES

Storm Sweeps From Florida  
And Damage To Ships,  
Wires Results

Norfolk, Va., Dec. 2.—With ample warning of the great tropical disturbance that swept the Florida peninsula and wrought havoc along the south Atlantic coast, the middle Atlantic coast was prepared today for the hurricane that arrived during the night and is increasing with fury as the day advances.

"Whole gale" storm warnings are displayed for the first time in several years.

Early today the wind had attained a velocity of 43 miles an hour at Cape Henry, and was increasing hourly.

All craft remained inside the shelter of Lyn Haven roads and Old Point and only two vessels passed in the Virginia Capes during the night, seeking shelter from the storm that is lashing the waves mountains high.

Considerable damage to small craft fishing vessels and beach cottages is reported in the Hampton Roads district, and commercial and railroad wires are almost paralyzed.

### JASON GALBREATH AGED 78, IS DEAD

Heart trouble is given as the cause of the death of Jason W. Galbreath, 78, which occurred at 4:15 a. m. Tuesday at his home near Butler grange hall.

He suffered a slight stroke of paralysis in September and had been in failing health since that time.

Mr. Galbreath was born and spent his life in the community in which he died, and was a son of Mr. and Mrs. Thomas Galbreath.

He was a member of Emanuel Lutheran church, North Georgetown, having been affiliated with church and Sunday school all his life.

Surviving are his widow, Charity E. Mercer Galbreath, and two sons, Jesse F. of Homeworth, and Marion D. of Pittsburgh.

The funeral will be at 11 a. m. Friday at the Emanuel Lutheran church in North Georgetown.

## CHRISTMAS SEALS

Each year during the month of De-  
cember the Christmas Seal sale is  
held in the states and cities of the  
nation. Men and women buy these  
little bright colored stickers, use  
them on their mail and adorn their  
Christmas packages with them. Chil-  
dren are both buyers and sellers of  
the seals. In many places part of the  
sales are made by the children who  
call on their friends and neighbors  
when the sale season arrives.

The Little Christmas Seal has won  
its place in the confidence and affec-  
tion of the people of the nation. Each  
year more and more seals are printed  
and sold. But there is far more be-  
hind the seal than the mere sale of  
it. The penny seal brings in many  
thousands of dollars to the cities and  
states. The money is used in pro-  
moting public health work, providing  
outdoor camps, sanatoria, food for the  
undernourished children, nurses to  
help care for unfortunate in their  
homes, in promoting the gospel of  
health in all lines and in all cities.  
The little seal has become the banner  
under which many thousands of  
health workers carry on the campaign  
for less sickness, more health, less  
suffering and a better chance for the  
boy and girl to grow up in the pos-  
session of full health.

Originally the crusade under the  
little seal was directed against stu-  
berculosis, and much of the campaign  
still is against it. Once the fight  
was to care for developed cases, now  
much of the effort is to prevent the  
disease from securing a foothold. It  
has become a nation-wide campaign  
of prevention, medical and nursing  
care, food and treatment to strength-  
en the weak children so they may  
throw off the trouble or escape it.

## PUBLIC SCHOOL EDUCATION

Mr. Riegel, state director of educa-  
tion, is for putting more emphasis  
on manual training in the public  
schools. He favors the development  
on a large scale in these institutions  
of what he calls a work-study plan,  
designed, as we understand it, to  
train boys and girls directly for  
trades. He shows a certain fear of  
classical or purely cultural educa-  
tion. He believes that it promotes  
among school children a spirit of  
snobbery, an often unreasonable de-  
termination to have so-called white  
collar jobs, a contempt for the hon-  
est and useful work with the hands  
for which in the nature of things  
many of the young students will turn  
out to be best fitted.

We do not believe Mr. Riegel is  
right about this. We do not believe  
that it lies within the rightful provi-  
dence of the public school to teach  
trades, specific methods of earning a  
living. This is the practical, mat-  
terialistic view to which in late years  
the public school management in gen-  
eral has seemed to incline but within  
the last year or two there have been  
some notable indications of a reac-  
tion against it, for instance the marked  
revival of interest in the study of  
Latin and Greek.

The mission of public school edu-  
cation is not technical or narrowly re-  
stricted. It has no direct connection  
with the earning of livelihoods. It is  
to give the child a thorough ground-  
ing in the rudiments of knowledge,  
confined to a few subjects which long  
experience has caused to be regarded  
as essential to the foundation of educa-  
tion, and infinitely more important  
than this, to inspire in him, if he has  
it in him to be so inspired, a desire to  
learn, to develop his own powers of  
thought and study, to know some-  
thing and be somebody. We do not  
want our boys and girls to step out  
of school equipped for specific trades  
but, within the limits of their youth  
and inexperience, equipped for any-  
thing. As for snobbery, there is more  
danger of that in narrow training  
than in broad training, in ignorance  
than in education.

Whether or not it shows the strange  
persistence of an idea, it is to be noted  
that King Tut had his golden slip-  
pers on.—St. Louis Globe-Democrat

French politicians have the police  
reported attitude. They regard it as  
the "alleged debt."—Nashville Ban-  
ner

Savings In  
Industry

By FREDERIC J. HASKIN

Washington, Dec. 2.—Hundreds of  
millions of dollars have been saved  
for American manufacturers, distrib-  
utors and consumers as a result of  
the campaign for waste elimination,  
simplification and standardization  
inaugurated five years ago by the  
Department of Commerce. The ac-  
tual saving can not even be approxi-  
mated and Sec'y. Hoover, in his an-  
nual report made public today, says  
that what the country as a whole has  
accomplished in increased national  
efficiency in these directions is im-  
possible of measurement although it  
represents "one of the most astonish-  
ing transformations in economic his-  
tory."

While the government has been aid-  
ing actively in the campaign in many  
specific directions, the whole pro-  
gram has been one fundamentally to  
stimulate action among industries,  
trades and consumers themselves.  
"It is obviously not the function of  
government to manage business,"  
says Mr. Hoover, "but to investigate  
economic questions, to survey eco-  
nomic phenomena and point out the  
remedy for economic failure or the  
road to progress, to inspire and as-  
sist co-operative action, and to stim-  
ulate forces to these ends—surely  
all these are well within the proper  
field of public service."

Since this work was undertaken  
some 300 group conferences have  
been held under government aus-  
pices, practically all at the request  
of the industries themselves, and 225  
committees are now at work on vari-  
ous phases of the program.

Discussing the fundamental pur-  
poses of the campaign for waste  
elimination, Sec'y Hoover says that  
the philosophy underlying it has but  
one purpose—that is, to maintain  
American standards of living for both  
workers and farmers and to place  
production on a more stable footing.  
The high standards of living enjoyed  
by the American people are the  
result of steadily mounting per cap-  
ita productivity, he says. There is  
only one way further to advance  
these standards, and that is by im-  
proved methods and processes, by the  
elimination of waste in materials and  
motions in our production and dis-  
tribution system.

"Just as 20 years ago we undertook  
nation-wide conservation of our nat-  
ural resources," continues Sec'y  
Hoover, "so we must today even more  
vigorously sustain this campaign of  
better nation-wide utilization of our  
industrial resources and effort. More  
especially is this the case in view of  
the more complex forces which have  
arisen from the war and particularly  
the difficulty of maintaining our sit-  
uation as against the competition of  
a world of lower standards overseas."

## Questions And Answers

By FREDERIC J. HASKIN

George Washington said "Knowledge is in every country the surest  
basis of public happiness." It is true that any people who are informed  
are superior to those who remain in ignorance. This is why we are  
placing at the disposal of our readers the greatest free information bu-  
reau in existence. This paper is supporting in Washington a highly  
trained organization of experts in the gathering and compiling of educa-  
tional data. By keeping in constant touch with federal bureaus and  
educational enterprises it is able to pass on to you authoritative infor-  
mation of the highest order. If you have a question you want answered  
submit it to our bureau. There is no charge except two cents in stamps  
to cover the return postage. Address The Salem News Information Bu-  
reau, Frederic J. Haskin, Director, Washington, D. C.

Q. Please give the limerick that one trip alone 2330 miles travelling  
begins "The poor unfortunate Hin-  
doo."

A. It runs "The poor benighted Hin-  
doo. He does the best he kin do; He  
sticks to caste, from first to last  
For pants he makes his skin do."

Q. What kind of an animal does  
the fur commonly known as "broad-  
tail" come from? E. W.

A. According to a classification of  
furs, broadtail is very young Per-  
sian lamb. The broadtailed or fat-  
tailed sheep, found in many parts  
of Asia, are chiefly characterized by  
the enormous accumulation of fat on  
each side of the tail bone. The tail  
is extremely a great delicacy, and to  
protect it from being injured by  
dragging on the ground it is some-  
times supported by a board or small  
pair of wheels. The fat of the tail is  
often used in place of butter.

Q. When was the first book on  
vital statistics written? F. F. C.

A. Such a book was written by an  
Englishman and published in Lon-  
don in 1632. He showed that there  
were more boys than girls and that  
population could be estimated from  
the death rate.

Q. How far do the Canadian moun-  
tain police range? A. A.

A. A patrol covering a distance  
equal to one and a half times across  
the continent has been completed by  
the Royal Canadian mounted police  
in the past year in the Cumberland  
and Gulf Baffin land district. Four police  
under Sgt. Wright, traversed on

Q. Please tell something about the  
Lion of Lucerne? S. J.

A. The Lion of Lucerne is an im-  
portant memorial in the town of Lu-  
cerne, Switzerland. It is carved out  
of the side of a grotto from a model  
by Thorwaldsen, to commemorate  
the defense of the Tulleries in Paris,  
Aug. 10, 1792, by the Swiss Guards  
who were massacred by the mob.  
The lion is 28 feet in length.

## Twenty Years Ago

(Issue of Dec. 2, 1905)

The Perry township board of educa-  
tion has decided to test the prac-  
ticability of the "kid wagon" system  
of conveying some of the township  
pupils to and from the county schools  
in the districts just north of the Sa-  
lem city limits.

As a result of a collision on the  
East End street car line Saturday  
morning, the pony driven to a milk  
wagon and owned by J. Penrose was  
so badly injured that it had to be  
killed.

Washingtonville—The entire plant  
of the Columbia Fire Clay company,  
one mile west of here, was destroyed  
by fire Friday night at a probable loss  
of \$8,000. The plant was owned by  
E. B. Allen, of Cleveland. It prob-  
ably will be rebuilt.

Nicholas Gregoris, young Greek, ex-  
pects to leave Salem Dec. 27 for his  
native land to visit his parents, whom  
he has not seen for 14 years.

Captain Haag of the Salvation Army  
states that there are fully 300 people  
in Salem who should be remembered  
on Christmas. The Army proposes to  
collect food and clothing for a Christ-  
mas treat for the poor.

Mr. and Mrs. Henry Thomas, East  
High st., were given a surprise Fri-  
day evening by their friends. They  
expect to move to Mt. Union in about  
two weeks.

Mayor Carlisle will go to Cleve-  
land Sunday evening to attend a  
meeting of mayors and mayors-elect  
from over Ohio.

Mrs. Martha Harper, wife of Fire  
Warden Lawson Harper, died Satur-  
day at the home on McKinley ave.

East Liverpool Democrats have or-  
ganized a club and are looking up  
permanent quarters.

## WHEAT WILL TOUCH TWO DOLLAR MARK SOON HE PREDICTS

By THOMAS TEMPLE HOYNE  
 (Authority on Grain Speculation)  
 Chicago, Dec. 2. Wheat is climbing again and probably will touch the \$2 mark again in the near future, possibly before the first of the year. Yesterday's gain of more than five cents, irrespective of what the market does today is a straw that shows the way the wind is blowing.

The wheat situation is the most serious in years. Statistically, the world's wheat situation is extremely bullish. The news of damage to the maturing crop in Argentina has been sensational.

The markets at Liverpool, at Buenos Aires, at Winnipeg and in Chicago have all responded with advances in price to the pinch that seems to be forecast in all the grain and specific news on the subject.

Nevertheless the rank and file of buyers and sellers generally are disposed to look for lower prices. Why?

Merely, it seems, because they do not believe the news, belittle the statistics and ignore the fact that wheat has been slowly but constantly advancing for the last two months. No big speculative movement has been in progress in the bull side Arthur Cutten, for example, has been persistently bearing in his discussion on the market.

Yet wheat has gone up and appears to be in a strong technical position from which it may advance rapidly during the rest of the week. The public is not in the market and most of the professional trade either out of it altogether or short.

The next few weeks may see the market ease-wise around but after that watch out. Two-dollar wheat not only is a possibility but a probability soon.

## FILM PRODUCERS ARANDON PLANS FOR BIG MERGER

Los Angeles, Dec. 2. Plans for merging the releasing interests of United States Artists and Metro-Goldwyn-Mayer, two of the biggest motion picture producers, have been abandoned. It was learned today.

Joseph Schenck of United Artists announced that owing to protests from many exhibitors, the plan had been given up. He denied that efforts of Charlie Chaplin had blocked the move.

United Artists, owned by Schenck, Chaplin, Douglas Fairbanks and Mary Pickford, is to have a fifth partner, Schenck declared, and report had it that the new member is to be Gloria Swanson.

Schenck said Miss Swanson would probably be releasing through United Artists next year.

Fifteen, instead of six pictures, are to be produced annually by United Artists in the future, Schenck said.

## SMELL OF LIQUOR SUFFICIENT TO CONVICT, RULING

Columbus, Dec. 2. Smell of liquor may constitute evidence sufficient to convict a dry law violator. This is the decree of the state supreme court.

In a ruling handed down into today, the supreme court upheld the action of the Licking county courts which convicted Robert Swartz, Newark, upon the testimony of three Newark policemen that they smelt liquor in a bottle that Swartz threw away.

## "WELFARE" GROUP

Continued from First page

formerly matron and then attorneys from Canton who offered a compromise that the Webbs would give up their charges if Stark county would give them other jobs.

**Trustees' Answer**  
 The Stark commissioners replied that the offer was preposterous and that there were no jobs for the Webbs.

Answers to charges of the attorneys and of citizens group were made by the trustees: George H. Cassidy, Canton; F. W. Wiedmeyer, Leetonia; Jacob Graze, Massillon; Mrs. Harry Lutz and F. W. Prosser of Alliance.

Employees of the home were brought in to testify as to the character of McCune, the accused fireman. All employees said he was an excellent worker and had never done anything out of the way, to their knowledge. A demand that he be fired, made by the citizens' committee, was turned down by the trustees.

The meeting had been called as an attempt to straighten out, if possible, the tangled affairs of the home since Webb was ousted for alleged inefficiency and since the position of superintendent was abolished.

Among those present was Pres. Atty. C. B. McClintock of Stark county who had made a proposal, several days ago, similar to the demands of the committee, that the trustees re-

sign and a new board be named to start all over again. Neither side had accepted that proposal prior to the meeting. It was believed, but the committee sprung a surprise by stealing McClintock's thunder.

The state examiner Wednesday started his new investigation of charges laid against the trustees. If there is proof for any of them, the prosecutors will be given the findings and grand jury action against the trustees will then be taken. The trustees have elected to stand pat and see the matter through to a finish.

## New Beauty Cream Gives Lovely Complexion

Amazing new kind of cream quickly gives the texture and appearance of a wild rose petal. You'll notice a startling change the moment you put it on. The effect is lasting—you can't wash it off. Whitens, nourishes, purifies. Can be left on all night or used as a powder base. Not a bit sticky or oily. Get this new wonderful beauty cream called Mello-glo and try it. Lense Drug Co., Floding's, Bolger & French Page & Lorenz, druggists.

## HOPE FOR PEACE IN MINE STRIKE FADING RAPIDLY

Harrisburg, Dec. 2. — Whatever hopes had existed of a quick settlement of the strike of 158,000 hard coal miners completely faded today as preparations went forward by both sides to a long, bitter struggle.

John L. Lewis, president of the United Mine Workers of America, departed for his home in Springfield, Ill., strengthening the belief that all negotiations are off for the present.

The operators showed no indication of changing their view of the eleven-point peace plan offered by Gov. Gifford Pinchot which they spurned as "impractical." They insisted, however, that the door had not been closed to negotiations.

"Quite the contrary," said Maj. W. W. Inglis, spokesman for the anthracite operators. "We are anxious to secure a real and lasting peace and negotiations to that end cannot begin to quickly."

"The difficulty with the Pinchot proposals is that they do not pave the way even for peace, much less a lasting one."

## SOCIETY

**Travelers Club**  
In her pleasing manner Mrs. Amelia Francis gave a very entertaining talk on "Manila and the Philippines" at a meeting of the Travelers club Tuesday afternoon at the Memorial building. She also read an interesting letter from a friend of hers in Syria.

A paper on "Australia, Melbourne, Sydney to Hobart, Tasmania," was presented by Mrs. A. O. Silver while Mrs. Frank Lease's paper was on "Batavia and Java."

Mrs. Stanton Heck, president of the club, has invited the members to be her guests on Tuesday, Dec. 8.

**Edna Thomas Society**  
One new member was received at a meeting of the Edna Thomas society of the M. E. church Tuesday evening at the home of Miss Esther Rollins, Jennings ave. Mrs. Loren Matthew gave a review of the chapter from the study book, "Prayer and Missions."

The Christmas thank offering was taken, this goes toward the support of five new foreign missionaries sent out this year. Lunch was served at the social period. Mrs. A. K. Switzer, South Union st. will be hostess at the January meeting.

**Study World Court**  
Mrs. J. R. Stratton in charge a study of the World Court was continued at a meeting of the W. C. T. U. Tuesday afternoon at the home of Mrs. Jennie Woodward, Euclid st. The American catechism of the new extra World Court was given.

A reading, "Over Time" was given by Mrs. Laura Garside. Mrs. Sadie Brown, of Alba, Mich., was a guest at the meeting and gave an interesting talk.

In two weeks the members will meet at the home of Mrs. Jennie Justice, Ellsworth ave.

**Mrs. McNabb Hostess**  
Bridge was the engaging diversion of the evening when Mrs. D. T. McNabb was hostess to her club associates Tuesday at her home, 5150 worth ave. The trophy for high score was awarded to Mrs. S. J. Elsworth with Mrs. Ralph Sturgeon receiving consolation honors. Mrs. Stephen Menzel invited the members to be her guests at the next meeting in two weeks, at her home, East High st.

**U. C. T. Dinner**  
Salem council No. 590, U. C. T. of A. will have a covered dish dinner Friday evening, Dec. 11, at Macabee hall. Some of the grand officers probably will be here for the event, and there will be a musical program.

This will take the place of the annual banquet. S. R. Koenreich is chairman of the committee arranging the affair.

**Winona Club**  
The Winona Homemakers club will meet Thursday afternoon at the home of Mrs. Wilson Steer, Winona.

Mr. and Mrs. Glen Enright, North Hawley ave. have returned from Cleveland, where they spent several days with his sister and husband, Mr. and Mrs. Clyde Gamble.

Mrs. John Jenkins and daughter Grace, of Bergholz, are spending a few days with the former's daughter Mrs. Thomas Jenkins, Roosevelt ave.

Mrs. Lene Harsh has accepted a position at Harroff's grocery store. She began her new duties Wednesday.

Mrs. P. D. Burkett, of Dayton, is visiting her parents, Mr. and Mrs. W. T. Smith, Jennings ave.

## DESCRIBES LIFE IN AUSTRALIA IN TALK TO ROTARY

Interesting observations of the life and customs of the people in Australia were given before the Rotary club Tuesday noon by C. S. McCalla of Youngstown, vice president and general manager of the P-O Light & Power Co.

Mr. McCalla described the country and told many interesting things about it and about the Hawaiian islands. He was introduced by George J. Bunn, chairman of the day, who also presented John W. Hundertmark, who delighted with violin solos, accompanied by Miss Elizabeth Miller.

Charles G. Burton, chairman of the boys work committee, announced plans for the meeting next Tuesday, when the Rotarians will have as their guests Salem High school boys at a dinner at 6:30 p. m. at the Elks home. Boys of the Hi-Y club will present the program of the evening. Donald Smith, one of the Hi-Y boys, explained the aims of the organization in a brief talk before the Rotarians.

W. H. Matthews, who has just returned from a 10,000 mile auto trip through the west, spoke briefly.

## Gov. Donahey Lauds Christmas Seal Sale

Columbus, Dec. 2.—"There is no more practical, meritorious or laudable gift than the money we annually invest in Christmas seals."

That statement was issued here by Governor Vic Donahey in opening the 1925 Christmas seal sale.

"Christmas seals represent human lives, the promotion of human happiness, the prevention of needless, avoidable deaths. Every time we buy Christmas seals we help to save the lives of children, the lives of fathers and mothers, for the enjoyment of future Christmas seasons."

"I hope all Ohioans will enlist in the army fighting tuberculosis."

## Clerk Probert Wants To Retain His Post

James A. Probert, clerk of council, is a candidate to succeed himself, he said Tuesday night.

Each incoming council appoints its clerk for two years. The salary is \$200 per year.

Probert has served seven terms. As far as is known there are no other candidates for the position.

## SIX BOYS STEAL AUTOS TO MAKE HIT WITH GIRLS

Toledo, Dec. 2.—Six collegially armed high school boys, all 16, arrested by police today as operators of a gang of auto thieves, whose record for the past month is said to be 35 stolen cars.

Police reported that some of the boys are members of prominent families. The leader was captured in Adrian, Mich., and police say he confessed, implicating the other five.

The leader, said by police to be the most daring auto thief in their annals, told investigators the boys only stole expensive cars to make impressions on high school girls. The cars were then burned or wrecked, police say he confessed.

## Permit For McKinley Ave. Filling Station

The Standard Oil Co., Wednesday afternoon took out a building permit for a gasoline station, to be made of steel, to be built on the southwest corner of Ohio and McKinley aves.

Cost of the station was put at about \$1,500 when the representative of the company took the permit out in Mayor George E. Russell's office. He did not state when the company will erect the station. There is a home on this corner at present which the company will dispose of.

## New Albany Church Will Be Reopened

The first service for some time to be held in the New Albany church will be at 2:30 p. m. Sunday.

The men of the community have made extensive repairs to the building and a furnace has been installed. Those in the vicinity are hoping that these Sunday afternoon meetings will be a success and they invite any one who wishes to attend.

## Wedding Postponed, Bride Shoots Self

Wooster, Dec. 2.—Despondent over ill health that caused postponement of her marriage to Rodney Barlen, instructor in the Agricultural college of Ohio State university, Helen Sidle, 24, Wooster High school graduate, shot herself through the heart with a rifle at the home of her parents, Mr. and Mrs. J. C. Sidle, at Blachleyville today.

## Blast Furnace Caves In; Crater Is Formed

Cleveland, Dec. 2.—A blast furnace of the Central Furnace Co., here, caved in today, pouring 500 tons of molten iron into combustibles cases. Flames shot 800 feet.

A crater 35 feet deep was torn in the ground. Lives of 60 workers were endangered. It was reported that no injuries resulted.

## Auto Kills One Boy Injures His Brother

Lorain, Dec. 2.—A seven year old boy is dead today and his brother, aged 13 is in the hospital in a serious condition, the result of an automobile accident here last night.

Walter and Stanley Czarka were run down by an auto driven by William Krieg. Walter was killed instantly.

## Kipling Is Ill

London, Dec. 2.—Rudyard Kipling, novelist and poet, is suffering from bronchial pneumonia, at his home in Sussex. His condition was causing his friends much anxiety today.

## LONG PHONE CALLS BEING EXPEDITED

New System Being Used By Bell Company Gets Quick Results

A new system to expediate transmission of long distance telephone calls has been put into effect from Salem to other points by The Ohio Bell Telephone company. It was announced today by Commercial Manager H. M. Huffman.

Mr. Huffman said that Salem is one of the first cities in Ohio to have the new type of service, which is the latest development in transmission of long distance messages.

"The system has been in effect here for several days," said Mr. Huffman. "As the result, many calls to distant points have been put through almost as quickly as a local call."

Two conditions are necessary in making a quick connection in this manner, he explained. The first is that the Salem subscriber putting in the call must know the telephone number of the called party in the other city. The other condition is that there must be a circuit which is not in use between the two cities.

Under the new system, the recording operator has been eliminated and one Salem long distance operator handles the call from beginning to end.

Using System Now

"We are using the system between Salem and all points to which we have direct circuits," said Mr. Huffman. "We do not promise such quick service on all long distance calls, unless the Salem long distance operator is given the telephone number of the party called and a circuit to that city is available."

"But the quick results of the new system have been apparent in a large proportion of the calls since the new method has been effective."

Miss Mary N. Fink, chief operator in Salem, said that the operators learned the new system quickly, and that it has met with marked success.

The Salem long distance office handles an average of 600 calls a day. Manager Huffman said that subscribers can aid in making the new system a success by avoiding the "peak hours," if possible, when making long distance calls.

The heaviest traffic through the Salem long distance office occurs between 9 and 11 a. m. Twelve percent of the traffic for the entire 24 hours is handled between 9:30 and 10:30. The traffic then decreases until it takes a small jump between 1 and 3 p. m. The next busy period is in the evening after the dinner hour.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

## The Correct Washing Principle

—that's the reason for the pronounced superiority of the **EASY** Vacuum Electric WASHER

That's why every year sees such a large increase in the number of owners of Easy Washers.

Three inverted cups impel compressed air and warm sudsy water thru and thru the meshes of the clothes—erecting them—freshening them—maintaining a live, soapy mixture for the proper washing of dainty things or heavy garments.

Is it any wonder that this frictionless air cushion principle—so superior to other methods—is universally accepted as the only Right Way to wash clothes?

## County Gives \$2,000 For Tuberculin Test

An additional appropriation of \$2,000 has been made by the county commissioners for the continuation of the tuberculin cattle test in this county, as provided by a law at the last session of the legislature. A detailed report of the work now in progress is being filed from time to time with the commissioners as is necessary under this law, the report being compiled by the office of the County Farm Bureau.

It is the opinion of the commissioners that the second tuberculin test will be completed before the close of the year.

### High School Notes

The Tuesday morning assembly of the High school students was opened with the reading of "The Sermon on the Mount" by Principal W. F. Simpson. Announcement was made that C. C. Gibson and W. H. Mullins will be associate hosts to the football squad at a dinner Friday evening in the Memorial building. At the conclusion of the dinner a dance will be held for the pleasure of all members of the high school association and faculty.

On Wednesday, Thursday and Friday try-outs will be held for those desiring to make this year's debating

team. Prospects are that there will be a very good debating team this year.

### ABOUT TOWN

#### New Society

A Junior Literary and Historical society has been formed by a group of young men who met at the home of Myron Sturgeon, West Green st. Here are the names of the members: Elmer Myers, Myron Sturgeon, Brooks Phillips, Eugene Young, Homer Taylor and George Rogers. The officers are: President, Myron Sturgeon; secretary-treasurer, Brooks Phillips. A constitution was drawn up and plans made for the future.

#### Boys Win Cameras

Through the courtesy of the J. H. Lease Drug Co. Troop 1, Salem Boy Scouts have been able to win 12 cameras which will be used in the photographic study the troop has decided upon. This was announced Wednesday by Scout Executive Harry A. Wilson. George Trisler is scoutmaster of this troop.

This same troop Tuesday helped out in the Red Cross roll call.

#### Eight Candidates

Eight candidates were initiated at a meeting of the Woman's auxiliary of the American Legion Tuesday evening at the hall, Main st.

The work was followed by a social period at which music entertained and a lunch was served.

Plans were made for a covered dish supper at the next meeting, which will be open to the members and their families. The supper will be served at 6:30 o'clock.

#### Hearing on Claim

A hearing on the claim for compensation filed by Charles Herron against the Snyder Coal Co., was held by a representative of the state industrial commission Tuesday in council chamber at city hall. Herron seeks compensation for injuries alleged to have been sustained at the mine. Atty. Cecil J. Scott represented Herron at the hearing.

#### Secretary Resigns Position

Miss Esther Hoopes, secretary to Scout Executive Harry A. Wilson, tendered her resignation to the executive committee of the Northern Columbiana County Council, Boy Scouts, Tuesday night, to take effect Friday, when she will assume a new position at the Electric Furnace Co. office.

#### Postpone Barge Meeting

The meeting of the Carrie Barge Circle of the Methodist church which was to have been held Thursday evening has been postponed until Wednesday evening, Dec. 9. Mrs. J. M. Davidson of Franklin ave. will be hostess at that time.

#### Dames of Malta

Peace Sisterhood, Dames of Malta, is invited to East Palestine on Dec. 15, and is planning to take some candidates there to be initiated.

Mrs. May Thornberry received the Good Cheer package at a meeting of the Sisterhood Tuesday evening.

#### Dorcas Society

A meeting of the Dorcas society of Holy Trinity English Lutheran church will be held at 2:30 p. m. Thursday at their church. A good attendance is desired at this meeting for officers will be elected for the ensuing year.

#### Baptist Society

The Ladies' Aid society of the First Baptist church will hold its monthly meeting at the church at 2 p. m. Thursday. All of the ladies are asked to be present.

#### Retail Merchants to Meet

Sec'y George H. Mounts today called attention to the monthly meeting of the Retail Merchants board which is to be held at the Elks home Friday noon.

#### Cribbage Tournament

The annual fall cribbage tournament at the Elks lodge will open at 7:30 p. m. Wednesday. All participants are urged to be present.

### Dismiss Indictment As Death Takes Case To A Higher Court

Cleveland, Dec. 2—When coming place court convened today, Prosecutors Edward C. Stanton asked the judge to dismiss the indictment against Mark Ham, 35, Chinese long man, who has been on trial for the hatchet murder of Yoo Chook, which precipitated the recent roundup of Cleveland's Chinatown.

Stanton did not ask the dismissal because convinced of Mark Ham's innocence, but because Ham had appealed to a higher court.

Just as day was breaking the aged Chinese, weary of the court proceeding in a tongue to him entirely unknown, hanged himself in his cell in the county jail.

Cunningly fashioning a rope from his bedsheet, he took a moment when the deputy on guard outside his cell was making the rounds of the corridor, threw it over the water pipe and hanged himself.

"Mark Ham will settle his account with a higher court, your honor, Stanton said in asking that the jury be dismissed and the indictment quashed."

### Salem Boy Will Aid In Drama Production

Marion Cox, son of Mr. and Mrs. W. A. Cox, East High st., a student at Carnegie Tech., Pittsburgh, in the department of drama, has been honored in that he has been selected by D. I. Payne, of this college, to do the lighting effect on his production "Justice."

This is the play in which M. Payne directed John Barrymore in 1916 and it had a very successful run on Broadway, New York city. The play will be presented in honor of the speakers and delegates at the National Drama conference, which will be held at this college.

# Salem High Teams Start Practice For Basketball Season

## COACHES FACE TASK WITH FEW VETERANS OF LAST YEAR BACK

Many Candidates Out For Vacancies Made By Graduation Of Stars Of Last Year's County Championship Outfits

Salem High's basketball coaches this week began intensive work in the building of court machines to defend the double county title won last year by the championship Boys and Girls teams.

The coaches face a tremendous task, but they are confident about it with a wealth of candidates and a spirit is manifest by every one of those candidates to carry the Red and Black through another successful season.

Neither Wilbur Springer, Boys' coach, nor Miss Loretta Potter, Girls' coach, is making any predictions. They have their work cut out for the next few weeks to come and admit that it is a big job. But both are optimistic in their hopes for another good year.

Both coaches are well pleased with the big turnout of candidates. The girls get the jump on the boys' outfit by starting their preliminary work last week, and over 50 girls have been reporting to Miss Potter each night.

**Coffee and Older Left**  
Springer has about the same number of boys out for the first workouts in a week or so he will prune this squad down to about 20. Miss Potter is nearly ready now to do her pruning and she will likely carry about a score of players until at least the first few games.

Of last year's title team, Springer has left Capt. Charlie Coffee at forward, and Older at guard. Allen, who was one of the leading scorers last year is back. These three will form the nucleus of the team this year, at least until Jenkins, star forward and center, who is nursing a broken arm received in the last football game of the season, can rejoin the squad.

Candidates for vacancies on the team include Kirkbride, Tolerton and

Campbell, as well as two score of others.

"Danny" Williamson, "Tot" Cosgrove and Miss Catton are gone, and the only members of last year's Girls team, called the best developed here in years and which easily defeated every team in the county are Capt. Mary Ellen Smith, Nellie Groves, Ruth Older, guards and Bertha Mae Hassey, forward. Gone also are Misses Tolerton and Simmonds, while Miss Hanna, though still in school, is not eligible, and Betty Jones is ill.

Miss Potter's task is to develop forwards and a center and she may shift some of last year's guards to those positions. The coach expects to give underclassmen first chance at the vacancies in order to build up a squad for next year.

**First Games With Alumni**  
Springer plans to develop intramural basketball to a greater degree this year. When he cuts his varsity squad those sent back to room teams will be classified, and a room league will get going. There will be eight or nine on each room team, and each team will have special jerseys. Members of the varsity squad will aid in coaching these room teams. Games may be scheduled with amateur teams outside of school.

The girls have been indulging in room games for a week or so due in their gym work.

The first game of the season, as the schedule now stands, will be with the Alumni of both teams Dec. 26. It is possible that practice games may also be held for Dec. 18. The first big game is Jan. 8 with Wellsville.

If circumstances permit Springer may take his team on a holiday trip between Christmas and New Year's. This barnstorming tour, if arranged, will be one of great worth to the team for it will mean real practice whether or not games are won. Springer would like to make the tour through Southern Ohio, and has feelers out now for games.

97 per cent with Fairfield township low with a percentage of 93.

Shady Hill school in Unity Special No. 2 and Washingtonville village eighth grade, established a new mark for the county last month, when the attendance was reported at 100 per cent of the number of children enrolled.

There were 26 schools in the rural district that had no tardy marks recorded during the month.

**Place War Trophy In Lisbon Square**

Lisbon, Dec. 2.—Upon application of Major Hugh Ramsey of Lisbon, representing the American Legion, the county commissioners immediately granted the American Legion permission to place a World War trophy in the southwest corner of the northwest section of the Lisbon public square. This trophy will be placed directly opposite the cannon in the northwest section of the public square, and which was a Spanish-American war trophy.

## COACH BOLES GETS YEAR'S LEAVE FROM WOOSTER COLLEGE

Famous Mentor Will Study Football Methods On The West Coast

Cleveland, Dec. 2.—Nor did the surprises of the 1925 Ohio conference football season end with the season's close.

Even after the schedule had been buried away and the records added to the dusty pile that have accumulated for years, there was still another shock to add to the usual serenity of the gridiron year. It wasn't enough to have all the unpicked teams wait for all the choice selections and to have the proverbial underdog bite his way to victory, nor to have rain fall when all signs pointed to clear weather.

Nor Wooster college steps out with a radical and commendable step in granting to Coach L. C. Boles a year's leave of absence as a reward and in appreciation for his faithful and exceptionally successful service as director of athletics. This is an innovation in Ohio conference circles and comes as a pleasant shock. The leave of absence stuff has been awarded to other members of the faculty, but in Ohio no athletic director has heretofore been so honored.

When Louis C. Boles came to Wooster in 1915, he took over a mediocre team with an obscure record. In the intervening 11 years, Wooster football teams have won 73 of the 95 games played and tied seven, for a percentage of .819. In the 11 years, 38 times the Bolesmen have blanketed their opponents and only one eleven, the Case team of 1916, has scored more than two touchdowns against them. Wooster has averaged 174 points per game to the 312 points of their adversaries during this period.

Four football championships and three basketball titles have been his contribution to Wooster's records as well as the 7-7 tie with Ohio State in 1924. In his absence, which will take place after the college year, E. M. Hole, freshman coach, will direct athletics and coach basketball, while Arthur Murray will take over the football mentorship as well as baseball.

Coach Boles plans a trip to California, accompanied by Mrs. Boles and Carmen, his daughter, and will spend his leave of absence visiting in the west coast and studying western football methods.

## Harvard Fights Over-Emphasis On Collegiate Football

Cambridge, Mass., Dec. 2.—Harvard's war on over-emphasis upon intercollegiate football, which it is claimed here, robs the game of all pleasure and makes it a grim business, was in full swing today.

Harvard's Crimson plan for interclass football with a three game intercollegiate schedule for a varsity team to top off the season was being widely discussed in and about Harvard yard.

Meanwhile plans were complete for a football debate in Harvard union tonight. Capt. M. A. Cheek, for his Crimson eleven, E. H. Field, managing editor of the Harvard Crimson, and football publicity agent, and E. J. Metzdorf, temporary vice president of the Harvard debating union, will speak in the affirmative on the question of over-emphasis upon football.

The negative side will be taken by Maj. Frank W. Cavanaugh, Boston college coach, N. S. Home, three years' Crimson half back and J. F. Barnes, assistant managing editor of the Harvard Crimson.

The football platform of Harvard Crimson, the college daily, in brief told was: Abolish all spirit practice; abandon scouting of players and systems; limit football practice to three hours an afternoon; academic standards to govern eligibility of men allowed to play; students who play to be assigned to class teams; at the end of a month's interclass play a varsity squad to be chosen; the varsity to play only three intercollegiate games; say one with Yale and two other universities graduates and undergraduates only to be allowed to witness the football contest; public sale of seats to be stopped, other colleges to cooperate in the plan.

The Crimson admits that with foot-

**Nobody Loves You**

It is impossible to get anywhere if you are a crab. Nobody loves you. To be successful you must have a kindly, lovable disposition. You can not have this with an unhealthy liver and stomach. They don't go together. Mayr's Wonderful Remedy has given complete and permanent results in thousands of such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists.

## 854 Auto Sale Bills Recorded Last Month

During November there were 854 automobile bills of sale filed for record in the office of Clerk of Courts Frank Ballantine, and the record for the year was in August when over 1,700 were filed.

The new 1926 license plates are expected to be received in Lisbon before the week end, and deputy registrars will receive their consignments direct from Columbus. Daily reports of the sale of license plates are to be

filed with the automobile department of the county auditor's office.

**Dear Friends:**

I am awful busy these days, as it seems every year my job gets bigger and bigger but I just want to tell you to come and see the lovely things I have this year to gladden the hearts of the big and little folks.

For the children—well, it just does my old soul good to pack up the toys. The dolls grow more beautiful every year and to think they talk and then real buggies to take them riding. There are just hundreds of things I would like to tell you about—wagons, automobiles, kiddie cars, dishes, friction toys, big trucks, almost real. Oh, well! Just come and see. They didn't have toys like them when I was young. I guess is the reason I like them so much.

Now friends, I am grown up myself, and I know the big folks like Christmas just as much as the little.

It warms their hearts to think that some one sent a gift to them or even just a Christmas card with a hearty greeting. I have not forgotten them. People always like things which makes their homes attractive, like lamps for living room, or boudoir, pretty dinnerware, dainty glassware, shiny silverware and soft colored pottery.

I invite you all to come in and look at everything and some day I will be around to see you at my headquarters.

Your old friend, **SANTA CLAUS**

## YODER WILL PILOT CARNEGIE ELEVEN

Carnegie Tech Teammates Elect Salem Boy Captain For 1926

Pittsburg, Dec. 2.—Lloyd Yoder of Salem, O., right tackle on the Carnegie Tech football team, Monday night was elected captain for the 1926 season. His teammates were practically unanimous in their decision that Yoder should be their leader.

Yoder's election is a fitting honor to a man who has been one of the most brilliant linemen Carnegie ever has had. He has played the same position ever since matriculating at the Tartan institution and always has been recognized as one of the best in this section. Recently Head Coach Jack Sutherland of Pitt named Yoder and Capt. Chase of Pitt as the two best tackles he has seen in action this year.

Yoder is a senior in the drama division of the College of Fine Arts, a member of the Sigma Alpha Epsilon fraternity and also has been chosen a member of the Dragon and Delta Skull, honorary fraternities. In addition to these honors Lloyd is president of the student council, the highest position within the gift of the student body. He is 22 years old and prepured at Salem High school. He is one of the most popular students at Carnegie and his election is expected to be generally approved on the campus.

**Four Teams Enter Basketball League**

Only four teams have entered the city basketball league. Director Joe Kelley at the Memorial building sold Wednesday. These teams are: Mulhens, Demings, Nall Mill and Salem. These, and all four are hard at work practicing for the opening of the season.

Kelley wants all teams planning on entering to get in their applications at once so that a schedule can be worked out this week for the games to start next week.

**ATTENDANCE IN RURAL SCHOOLS IS 96 PER CENT**

There were 4,152 scholars enrolled in the rural schools of Columbiana county last month and 232 enrolled in the rural high schools, according to reports just compiled by County Superintendent H. C. Leonard.

The attendance in the rural schools averaged 95 per cent during the month, and 90 per cent in the high schools. Kensington Special had the highest average of 99 per cent in attendance while the attendance in St. Clair township, where 213 children are enrolled was low in the county at 88 per cent.

In the rural high schools, Washingtonville village and the schools in Knox and Hanover township stood high with an average attendance of

## Theatre

**ADOLPHE THE KING**  
Adolphe Menjou, comes to the State tonight as the star of the Manti Bell-Paramount production, "The King on Main Street," written for the screen by Douglas Doty from Leo Ditrichstein's New York stage hit, "The King." Greta Nissen and Hossain Love are featured opposite the star.

The story opens in Technicolor with Menjou, as the King of Molvania, reviewing a long line of cavalry, from a geographically draped dais. We get the idea that the young ruler is bored with everything that's going on.

In one of the royal apartments a short time later, Menjou's Minister of Finance (Mario Majeroni) and other statesmen are reminding the king that the country requires a large loan. The only way it can be obtained is either through a marriage with the House of Slavonia or a trip to America.

"We shall go to America," the king announces, "via Paris."  
The story goes on to show in a humorous entertaining way just what happens when the phillandering king meets the most famous dancer in the French capital and then, in America, falls in love with a young girl, only to be forced to return to his own country without her.

**"CHECKERS" AT GRAND**  
"Checkers," which was accepted as one of the greatest race track plays ever produced, now comes to the screen as a William Fox photoplay, re-titled "Gold Heels." The new picture will be shown at the Grand tonight and Thursday.

Robert Agnew has the leading role in the part of "Checkers" Campbell, created by Thomas W. Ross more than a decade ago. Peggy Shaw plays the feminine lead.

Ruled off the track in one of the

## FREE EGGS

Right in this county farmers have increased egg production 60%. For Pratt's Regulars get more eggs from the same flock. Extra eggs that are all net profit. Pays 5-10 times as much from the day you start. Regulars supply the egg making necessities that feed alone lack. It doesn't "dope" or stimulate but is Nature's health and "egg" maker. Gives more eggs the right way.

**Pratt's Poultry Regulator**

To Our Customers: We stand behind Pratt's Regulator unconditionally. You get more eggs or a refund, your money.

Sold and Guaranteed by

## THE GUMPS—A PRECIOUS LITTLE PICTURE

familiar "frame-ups" of the old turt days. "Checkers" becomes a grocery clerk. Knowing horse flesh, he buys what is thought to be a "skate" for \$30 and trains the animal himself. The big race scene will live as long as the sport of kings goes on.

Of course, "Checkers" rides his own race. He wants to win it and he also hopes to win the girl. The story has a happy ending, so figure out for yourself what happens.

## COURT NEWS

**57 New Cases**  
Of the 57 cases filed in common pleas court during November 13 were actions for divorce. Nearly 300 cases have been filed on the appearance docket since August 1.

Only one new action was filed Monday, this being a foreclosure action filed by W. H. Callahan of Youngstown against Florence L. Fisher, also of Youngstown, but who owns property in Columbiana.

The action was to recover \$1,398.46 due on a note issued Jan. 12, 1923, and secured by mortgage on the Columbiana property.

**Docket Entries**  
In the case of Thomas Cadwallader of Salem against C. V. Rakestraw, which was an application for an injunction and also for money, which was filed Jan. 17 last, the court has granted leave to file a reply to the pleadings at once.

Leave of court has been granted to amend the caption of a petition in the case of B. A. Bode, trustee in bankruptcy against Phebe Ella Jenkins. In this action the demurrer to the petition has been overruled by Judge James G. Moore, to which order exceptions have been filed by the defendant.

An amount has been found due and the sale of premises ordered by the court in the case of George A. Ennis

and May Ennis against Haralampus Saranors and others.

Leave to the plaintiff to file an amendment to the petition as asked for in its motion has been granted by the court in the case of A. Schrad-er's Son Inc., against J. Schrad-

er, which is an action in attachment. The court has granted the defendants leave to plead by Dec. 12 in the case of Maria Wilhelm against Ellis and Charles Schafersnecker, which is a case where cancellation of a deed is sought under court order.

## GET DOG LICENSE BEFORE JAN. 20th OR PAY PENALTY

Because of the provisions of a law passed by the last legislature, dog licenses for 1936 are now being issued by Deputy Tax Collector Randall Hamilton, and the initial rate of \$1 for a male dog and \$3 for a female dog will prevail up to Jan. 20 next only. The owners of dogs have been charged to obtain their licenses before Jan. 20 for on that date the penalty provided by the new law becomes operative.

The penalty that will be collected on all licenses on and after Jan. 20 next will be \$1 on each license applied for making the cost of a license for a male dog after Jan. 20, \$2 and the fee for a female dog, \$4.

During the last fiscal year a total of \$6,744.24 was collected from this source by Mr. Hamilton and turned into the county treasurer to the credit of the dog and kennel fund, from which all sheep claims are, and the balance going to the county board of education.

A number of dog owners were arrested during the last year for failure to take out dog licenses, and the provisions of the new law will be enforced on and after Jan. 20 next.

## WASHINGTONVILLE

The ladies of the Washingtonville M. E. church made \$190 at the annual chicken pie supper and bazaar held in the church basement Saturday evening. The affair was a great success every article in the bazaar, all of which were practical and useful, being sold.

Miss Mary Grim, daughter of Mr. and Mrs. Roy Grim, and A. L. Beardsley of Greenford were married at 6 o'clock Saturday evening at Perry, O., by the groom's brother, Rev. Dan Beardsley. They were attended by the bride's brother, Wm. Grim, and Miss Calvin of Greenford. Mrs. Beardsley has been employed as cashier at McCulloch's dry goods store at Salem, while the groom is a farmer near Greenford.

Mrs. Lynn Davis entertained on Sunday in honor of her daughter Myrna's first birthday and her father David Weikart's 77th birthday anniversary. The guests were Mr. and Mrs. David Weikart and daughter Grace, Mr. and Mrs. Moses Grindie and sons Charles and Curtis, and Mrs. Emma Herron of Salem.

Mr. and Mrs. Morris Reese and family spent Sunday in the home of Mrs. Anna Reese at Millville.

Mr. and Mrs. Carl Weikart and son Gilbert and Mr. and Mrs. John Wilhelm spent Sunday in the home of Will Gilbert at Canton.

Mrs. Hannah Stouffer was a caller in the home of Mrs. Lizzie Wining at Columbiana on Saturday.

Mr. and Mrs. C. H. Weikart entertained at a family dinner on Sunday. Mr. and Mrs. O. Bossert, daughters Ruth of Youngstown and Charlotte of Ada, Ohio; Mr. and Mrs. Fred Feustermaker of Kent; Mr. and Mrs. Wm. Hanahan and children and Mr. and Mrs. Raymond Knopp of this place.

Mr. and Mrs. Ed Lowry and son of Salem spent Sunday in the home of Mr. and Mrs. Robert Eyster.

Mr. and Mrs. Damon Vaughn and son Robert of East Liverpool, spent Sunday in the home of Mr. and Mrs. George Vaughn.

Mr. and Mrs. M. Tedrow and children of Akron and Mrs. Ferrall and son of Sebring spent Sunday in the home of Mr. and Mrs. Homer Ferrall.

Mr. and Mrs. John Archibald and Mrs. Winifred Baker spent Sunday in the home of Mr. and Mrs. J. E. Simpson at Wellsview.

Miss Helen Spooner of Youngstown was a Sunday guest of Miss Mae Eyster.

Mr. and Mrs. Chester McCave of Canton and Mr. and Mrs. Allen Helmick of Salem spent Sunday evening in the home of Mr. and Mrs. H. J. Woods.

Mr. and Mrs. W. C. Weikart of Leetonia spent Sunday afternoon in the home of J. C. Weikart.

Miss Charlotte Bossert of Ada, O., spent the week end with her parents, Mr. and Mrs. O. Bossert.

Mrs. Frank Ballantine of Salem and John Woods of Cleveland were Monday callers in the homes of H. J. Woods and O. Bossert.

Mrs. Elmer Indermill and daughter Thelma were Columbiana callers Monday afternoon.

Miss Rhea Abblett of Leetonia was a caller here Monday afternoon.

## Albany News

John Weaver butchered for Ed Zimmerman Saturday, one hog weighing 575 pounds dressed and one 460 dressed.

## LEETONIA

The Leetonia Kiwanis club sponsored the Red Cross drive in Leetonia this year as they did in the year of 1924. Though all totals are not in yet the drive will total over \$200. On Sunday afternoon the village homes were visited by the Kiwanians with the above gratifying result.

C. R. Shontz has received word that his sister, Miss Tilla Shontz, who has been seriously ill since the middle of June in Portland, Ore., is in a very critical condition with no hopes of her recovery. She is being cared for at the home of a sister there. Another sister, Mrs. Harry Russell of Wellsview, left Monday for Portland to be with her sister.

Mrs. Henry Grace has returned to her home following a visit in Pittsburgh, with her friend, Mrs. Bert Shepherd.

Mr. and Mrs. Clarence Burke of Salem, and Miss Alma Burke of Canton were guests Sunday of their aunt and uncle, Mr. and Mrs. Edward Holz.

Mrs. Alfred Grace was a Salem visitor Monday forenoon. Returning she stopped off in Washington, D.C. to visit with her daughter, Mrs. Louis Atkinson.

Mr. and Mrs. Emil Holz and children Margaret, Anna, Emil, Jr., and Gerald returned Monday from Cleveland, where they were guests for a few days at the home of Mrs. Holz's sister and family, Mr. and Mrs. Emmitt Longbottom.

Mr. and Mrs. George Nason and family are moving from the Johnson property on Columbia st. into the Risher property on the same street, formerly owned by Adolph Cawan.

Mrs. Elizabeth Minner, has moved from rooms on Lisbon st. into the home of Mrs. Helen McKelvey's house on Columbia st.

The superintendent of St. Paul's Lutheran Sunday school, Ira F. Melinger, has called a meeting of the officers and teachers of the Sunday school for 6:30 p. m. Wednesday. In the pastor's study for the purpose of making plans for the Christmas entertainment. Following this the church council will hold its monthly meeting in the study.

John Williams, who is at the Central Clinic hospital, Salem, suffering from pneumonia is reported to be improving. Mr. Williams was taken to the hospital Friday from his home here. At first it was thought he could not recover owing to his age, in the seventies, and the severity of the disease.

## NEW WATERFORD

Miss Velma Hall of Lansdowne, Pa., was home for the week end and to attend the Crawford-Whinnery wedding Saturday at Damascus.

Mrs. John Koch and daughters, Margaret and Helen, spent Friday in Sebring as the guests of the McMaster family.

Mr. and Mrs. Will McCowan and children of Akron spent Thanksgiving and the week end with the Johnson and Taylor families.

The Luther League will meet with Margaret and Helen Koch on Dec. 4.

The East Palestine W. C. T. U. met with Mrs. R. C. Campbell Monday evening for an intensive study of the World Council. Leaders were Mrs. Sam Byr and Mrs. C. L. Merwin. Special music included a duet by the Misses Taylor of New Waterford and a solo by Miss Dorothea Taggart of East Palestine. Letters were read from Congressman Murphy and Senator Willis, and Mrs. Laura Puffer Morgan of Washington, D. C.

## WHEN DID YOU HAVE YOUR OIL CHANGED?

To many an autoist this question may sound entirely superfluous.

And yet authorities tell us that American automobile owners are losing—literally several million dollars a year by failure to have their crank cases drained regularly and refilled with fresh oil.

Mechanics tell us, also, that most cars go to the scrap heap long before their normal mileage has been rendered.

Put together these two statements from authoritative source and you have a logical conclusion.

From three to five hundred miles is the average distance an automobile should run on one filling of oil, depending on the nature of the car and the quality of the oil.

In either case, oil is much cheaper than new bearings and the mechanical work made necessary by neglect. If you use "MARWOOD" MOTOR OIL you can run more miles without draining and refilling than you can with ordinary oils, but even "MARWOOD" should be drained regularly from your crankcase and a new supply put in. Drive in at your nearest VAHEY dealer's station today and ask him to examine the oil in your crankcase.

He'll give you an honest verdict.

**THE VAHEY GASOLINE COMPANY**

## Try Plum Pudding With Lemon Sauce For Dinner Today

**Breakfast**  
Corn Flakes      Bacon  
Toast              Coffee

**Dinner**  
Oyster Cocktail  
Roast Chicken with Dressing  
Mashed Potatoes      Squash  
Cranberry Sauce      Hot Rolls  
Celery Salad  
Plum Pudding with Lemon Sauce  
Coffee

**Supper**  
Hot Buttered Toast  
Apple Sauce

### TODAY'S RECIPES

**Celery Salad**—Take three-quarters cup of shredded celery. Shred the celery in two-inch length and let it "cure" in cold water two hours. Make a French dressing of oil, vinegar and cranberry juice and salt. Mix with the celery. Arrange nests of lettuce, pile the celery on each, and sprinkle chopped nuts over them and place a cherry on top.

**Plum Pudding**—This recipe makes a good plum pudding, and is given in small amounts appropriate for small families. It keeps well. On the day used cut off the amount needed for serving and steam. Take one cup suet, one cup brown sugar, one cup currants, one cup raisins, one cup fine bread crumbs, two-thirds cup mixed peel, one and one-half cups flour, one large chopped apple, three eggs, one-half teaspoon each of nutmeg, cloves, cinnamon and salt, one-half tumbler grape juice. Steam three hours.

**Lemon Sauce**—Take one cup of water, one cup sugar, one tablespoon cornstarch, one egg yolk, juice and grated rind of one lemon. Boil water and sugar for few minutes then add cornstarch moistened with a little water and cook well for five minutes.

## COMMERCIAL SEAL BEING SOLD HERE

Christmas Seal Committee  
Calls Attention To  
Mail Order Seal

Attention of the Columbiana county Christmas Seal committee was called today to a misunderstanding among some supporters of the Christmas Seal sale in Ohio as a result of the sale of a type of commercial seal in this state by a New York mail order firm.

A number of cases of persons buying the seals sent out by the mail order firm of the assumption that they were the official Christmas Health Seal of the National Tuberculosis association have come to the attention of the local Christmas Seal committee. The commercial seals sent out by the mail order firm are being distributed through school children in some Ohio communities, and the methods employed in selling them are patterned after those regularly employed by the National Tuberculosis association for the last 18 years.

Consequently, the committee today issued a statement advising the public that the authorized Christmas Health Seal whose sale produces funds for fighting tuberculosis and which can now be purchased here, are of one design only.

This authorized seal is distinguished easily, as it is the only one bearing the red, double-barred cross—emblem of the world wide fight against tuberculosis. This year's official Christmas Health Seal bears the wording: "Merry Christmas and Good Health." On it, also, is the date, 1925, in addition to two candles which light up the double-barred cross. Local public health activities are supported by funds derived from the sale of the authorized Christmas Health Seal, here.

Add yolk of egg, lemon juice, rind and salt, allow to cook up, then keep hot in double boiler until ready to serve.

**SUGGESTIONS**  
Steel fenders and fireplace dogs may be brightened up by rubbing with fine coal ashes or emery powder moistened with paraffin.

The leak in a gas or water pipe may be temporarily stopped while awaiting the plumber by making a paste of powdered whitening and yellow soap and applying to the hole in the pipe.

## HOLIDAY PARDONS WILL NOT INCLUDE DR. COOK, EXPLORER

Washington, Dec. 2—Federal prison warden within the next few weeks will submit to Atty. Gen. Sargent lists of prisoners eligible for Christmas pardon. It was learned at the Department of Justice today.

Sargent announced that he would follow the precedent set by attorneys general for many years in recommending to the president the release of inmates of federal institutions deserving of pardon or parole.

The names will be referred to pardon attorney, James Finch for a careful examination of prisoners' records. He will make a report on each individual case to Sargent who in turn will submit the list of eligibles to the president.

Two of the government's most famous prisoners, former Gov. Warren T. McCray of Indiana, who is serving a sentence at Atlanta prison, and Dr. Frederick Cook, once hailed as a hero following his supposed discovery of the North Pole, are not expected to be on the eligible list.

Although strong pressure is being brought to bear to place McCray and Cook on the Christmas list, it is understood that there is a counter movement to keep these prisoners in federal custody until the expiration of their sentences.

## HERE'S A CAROL TO BE SUNG ON CHRISTMAS EVE

Here is another of group of standard Christmas carols selected by Miss Grace P. Orr, public schools music supervisor, for use at the community sing Christmas eve in front of the high school building. Cut it out for use then.

"It Came Upon the Midnight Clear"  
It came upon the midnight clear,  
That glorious song of old;  
From angels bending near the earth,  
To touch their harps of gold;  
"Peace on the earth, good will to men,  
From heav'n's all-gracious King,"  
The world in solemn stillness lay,  
To hear the angels sing.

O ye, beneath life's crushing load,  
Whose forms are bending low,  
Who toil along the climbing way  
With painful steps and slow;  
Look now, for glad and golden hours  
Come swiftly on the wing;  
O rest beside the weary road  
And hear the angels sing.

For lo, the days are hast'ning on,  
By prophets seen of old;  
When with the ever circling years  
Shall come the time foretold,  
When the new heav'n and earth shall  
own

The Prince of Peace their king,  
And the whole world send back her  
song,  
Which now the angels sing.

## LATEST IN STYLE FOR WOMEN

Paris, Dec. 2—Kid costumes are the latest creation of the French designers which take care of all the little animals whose fur is too wiry or many for decorative purposes. It most always happens that their hides make the most luscious and supple skins which are being fabricated into whole kid costumes and fashionable trappings.

Whole kid and leather dresses are being shown in every collection.

Striking ones in black are trimmed with white and white ones in black of colors. A cloth pleated skirt sometimes has a white or black and white kid jumper. Madame Barcent, now giving a series of delightful Spanish plays at the Theatre Femina, wears a charming black and white one over an orange crepe de chine skirt finely pleated. One of the loveliest combinations is silver and black which is appearing almost everywhere.

Kid, like velvet, is as supple as silk this year and the dressmakers are doing what they like with it. One of them has even taken to pleating it and the result is lovelier than any-

one would ever imagine. Lenef is using brilliant leather appliques on his evening dresses. Bands of cut-

work appear on velvet frocks and cut out gold or silver leather collars and cuffs trim many an evening coat.

Persons who want anything in this vicinity. So read it.

## WOMEN Don't be discouraged

### Send For Free Ten Days' Treatment of Mrs. Summers' Opaline Remedy

If you are a sufferer from female troubles, there is no need to be discouraged, or to give up hope, or to think relief is impossible. No matter how many things you have tried, if you have never used Mrs. Summers' Opaline Remedy, you have not been fair to yourself and your family. Just like hundreds of other women—sufferers once, but happy now—you can be relieved of the misery known only to womankind.

**Send No Money**  
A ten days' treatment of Mrs. Summers' popular Opaline Remedy is waiting for you. Send now and test it at home. Try it yourself and see what blessed relief it brings. Write at once—and write in confidence, telling us your troubles, for your letter is opened and answered by a woman. We know that only a woman can understand the sufferings of women.

**SEND THIS COUPON TODAY**  
SUMMERS MEDICAL CO., Box 210 SOUTH BEND, IND.  
Please send direct to me, without obligation, plainly wrapped and postpaid the FREE Ten Day Trial Treatment of Opaline Remedy, and also a sample of Anti-Spasm Powder.

My name is \_\_\_\_\_

Address \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_

**Read What Users Say**  
I want to tell you about the wonderful good your treatment did me. I suffered for three years and was weak, run-down and could not do my work, but your Opaline Suppositories and Antispasmodic Powder cured me. I have not had to use any of the last treatment I got from you. I am sure your remedy will heal others as they have me.

MISS R. R. RICHMAN, Sandusville, Miss.  
I know that your medicine is good because I know what it has done for me. I feel that I can't do without your W. O. E. Tablets for they do me more good for change of life than any other medicine I have ever tried. They have also helped my daughter. Every month she had to go to bed and was in such pain, it looked as if she could not live. I began giving her your W. O. E. Tablets and now she gets along fine during her menses. I can't praise your medicine enough and would advise every woman suffering with a discharge to use your Opaline Suppositories for they will heal her. I have used the Suppositories and know what I am talking about.

MRS. ELLA FREDERICK, Welton, Ga.

## De FOREST

THE GREATEST NAME IN RADIO!

If there's a bit of the explorer in your make-up—if you'd like to tune out instantly a local station and dip into the sunny Southland, or call to your car a musical classic from East or West—here's the radio set to own, the DeForest F5-AW Radiophone.

The marvelous new DeForest Balanced Circuit, which is embodied in this compact and beautiful set, gives you a command of distance such as no other instrument in its general price class can rival. Why? It responds to the very feeblest or radio impulses! Night after night this peerless circuit provides a new thrill, a new station logged, a new world made captive.

And with it all, so easy to tune!  
Isn't this the type of radio set you have always desired? Particularly when you can be assured that its other qualities—tone, volume, and selectivity—are equal to its mastery of distance, and it bears the greatest name in radio? See and hear the DeForest F5-AW Radiophone at our store.

**\$90—TUBES, BATTERIES AND REPRODUCER EXTRA**
